## REIMAGINED

POWERED by Blockchain, Secured by Smart Contracts, Fully Automated and Outright Commissions

#### HOW TO GET STARTED

Install a cypto wallet like Trustwallet or with dApps. USDT to activate and BNB for gas fee is required to start and be part of Crowdbit Academy.

## WHY TETHER (USDT) FOR CROWDIT ACADEMY?

#### STABLE VALUE & REDUCED VOLATILITY

- USDT is a stablecoin pegged 1:1 to the US Dollar
- This ensures price stability, making it ideal for staking, rewards, and payouts without worrying about sudden market dips.

4

#### PERFECT FOR TRANSPARENT PAYOUTS

 Using USDT allows for clear, trackable, and real-time transactions — especially useful when handling rewards, referral payouts, or community fund distributions.

#### FAMILIAR & WIDELY ACCEPTED

- USDT is one of the most recognized and used stablecoins globally.
- It is supported on almost all exchanges and wallets, making it accessible and easy to convert into local currencies.

3

FAST & LOW-COST TRANSFERS (ON BSC)

 USDT transactions on networks like BSC (BEP-20) are super fast and come with very low fees, perfect for highvolume microtransactions or global remittances.
